Sales and Marketing Policies:

Quality Molded Plastics Ltd. products and components are sold to original equipment manufacturers and authorized retailers (dealers). These products and components are available to the end user through retailers and equipment dealerships. Prices shown are manufacturer's suggested retail prices (MSRP). Dealer prices may vary.

Warranty:

Quality Molded Plastics Ltd. warrants that its products are free of defects in material and workmanship for a period of two years from the date of original purchase. Within this period, Quality Molded Plastics Ltd. will repair or replace at its discretion, a claimed defective product or part up to the net value of the original sale without charge, exclusive of any other charges, but not limited to, items such as freight. Out purchased components included or installed at customer request on the original bill of sale are subject to the warranty terms of the actual manufacturer. The foregoing warranties are an abridge digest of all other warranties, written or expressed, including, but not limited to, those concerning suitability for a particular purpose. Quality Molded Plastics Ltd. complete Terms and Conditions of Sale are found at www.qualitymoldedplastics.com. Claims under these warranties must be made promptly, at a maximum within two (2) years after receipt of goods by the buyer. Any warranty action by the buyer must be expressly pre-authorized by Quality Molded Plastics Ltd. .

Limitation of Liability:

Except for claims for bodily injury, Quality Molded Plastics Ltd. liability for any and all claims arising out of the purchase of the product shall not exceed the billed or billable value of the product. In no case will Quality Molded Plastics Ltd. be liable for any consequential damages or loss of profit, even if Quality Molded Plastics Ltd has been advised of the possibility of such damages.

By purchasing Quality Molded Plastics Ltd. ("QMP") product(s) and transporting said product(s) from QMP property, any damage due to the mishandling of the product(s), insufficient securing of load, or using incorrect equipment to move the product(s) after delivery is in no way QMP's liability. As soon as product is shipped from QMP premises, all liability of product(s) lies with the customer and/or the carrier who is transporting the product(s).

Technical Assistance:

Quality Molded Plastics Ltd. personnel are available to provide technical and design assistance in the choice and use of products and parts furnished to the buyer. Quality Molded Plastics Ltd. assumes no obligation or liability for any such advice, or any consequences occurring as a result of the application of such advice. The buyer is solely responsible for the selection of the appropriate product(s) and/or parts and the appropriate application to the intended end use.

Quality Molded Plastics Ltd. Better Engineered Products from Planning to Production

Quality Molded Plastics Ltd. Custom Mold Fabrication and Rotational Molding Quality Molded Plastic's robust team is determined to lead the industry of rotationally molded products and exceed

customer expectations through innovative design, technical service, practical expertise, and exceptional product quality.

Extensive design and molding experience

Quality Molded Plastics Ltd. (QMP) employs skilled engineers and tradesmen dedicated to design and fabricate molds and plastic products bringing our clients concept to final product. Knowing what can't be done is as important as knowing what can be done. In addition to coming up with creative solutions to help you optimize your design, we can also help you avoid potential problems. Good product design takes a combination of creativity, knowledge and experience. We have been helping our customers get the most out of their product designs for over 25 years.

Highly Experienced Craftsmen

It takes years of experience to understand how to craft metal into a mold that produces a high quality component. QMP employs engineers and highly experienced metal craftsman to design fabricate and maintain your mold.

Capacity

Quality Molded Plastics Ltd. has a mold shop facility located within our main manufacturing operation, capable of fabricating, modifying and maintaining molds. The QMP mold shop is fully capable of fabricating sheet aluminum, steel and stainless steel molds as well as modifying and maintaining molds up to 2,000 Cu Ft. in volume. Other services include in house surface treatments such as sand blasting, polishing and shot peening.
