

QUALITY MOLDED PLASTICS LTD.

EXTERNAL JOB POSTING

MAINTENANCE TECHNICIAN

April 18, 2023

Quality Molded Plastics Ltd. is a long established rotational molding company and we are looking for a permanent full-time Maintenance Technician for our production facility located on the corner of Auction Mart Rd and Capital Circle.

This position is available immediately.

The Maintenance Technician is responsible for the installation, maintenance and repair of all industrial machinery, mechanical equipment, and hand tools to support manufacturing operations and maximize efficiency. As well the Maintenance Technician is responsible for maintaining the building, facilities, and grounds per property owner and QMP management team directive.

Completion of, or enrollment in a four year Millwright or Industrial Mechanic apprenticeship program is preferred.

Two years of work experience in an applicable trade or three years of experience completing maintenance duties is preferred.

Proficient with common industrial mechanical, electrical, electronic, and hydraulic components

Welding experience is an asset.

A driver's license and reliable transportation is required.

The work schedule is 80 hours per two weeks. Schedule will be determined with the successful candidate based on production requirements.

QMP offers a competitive compensation, EDO work schedules and benefits package.

Wage will be commensurate with the knowledge, skills, abilities and experience of the successful candidate.

To apply, please forward resumes to the email address provided.
